

A high-contrast, close-up photograph of a polished chrome faucet and sink basin. The faucet handle is in the upper left, and the curved rim of the sink is in the lower left. The right side shows a portion of the sink's interior. The lighting creates bright highlights and deep shadows, emphasizing the metallic texture and smooth curves of the fixtures.

ALBORZ STEEL INDUSTRIES CO.

ALBORZ

ALBORZ STEEL INDUSTRIES CO (private joint stock) began the production of Stainless Steel Kitchen sinks in late 1980s with an annual capacity of 36,000 pieces of sinks to meet local market needs.

Today we are proud of producing 1,000,000 pieces of 91 different models of sinks per year.

Yet still, wait for another 12 totally new fantasy welded sinks, which are to be produced and presented to the market in near future.

As a leading manufacturer and exporter, not only Alborz dominates local markets, but also exports its wide range of products to 40 countries in middle East, Far East, Africa Oceania, and Europe.

In 1999, Alborz was recognized as “The Best Industrial Model Unit” by Iranian Ministry of industries.

Alborz fantasy welded sinks, produced under ISO 9001:2000 quality certificates from ITALY CISQ and IQNet (the international certification network) are the most looked-for luxury sinks in all Iranian and main regional markets.
